GENERAL BACKGROUND

CHA's Resident Services Division is charged with supporting youth and adults on the path to self-sufficiency, which includes providing positive engagement opportunities for youth during out-of-school time. To encourage youth fitness and wellness, CHA has contracted with IAFC since 2012 to provide the ReCharge program for youth ages 6 to 13, which utilizes a fitness and wellness curriculum designed to work with the National Institutes of Health We Can! curriculum (Ways to Enhance Children's Activity & Nutrition); a health education program that promotes children's wellbeing through a nutritious diet, increased physical activity and reduced screen time. The Curriculum focuses on positive messaging for youth and families by utilizing a variety of teaching methods including, but not limited to art, literacy, and physical activity.

CHA proposes continuing this program for 2015 at 10 CHA sites that operate the Summer Food program so that youth who come for meals can be engaged in a positive, healthy experience throughout the day. ReCharge engages more than 350 youth during the summer months.

The Board action recommended in this item complies in all material respects with all applicable Chicago Housing Authority board policies and all applicable federal (HUD) procurement laws.

The Deputy Chief Housing Officer of Resident Services concurs with the recommendation to exercise the second one-year option with IAFC to provide a fitness and wellness program for CHA youth.
